About The Advocacy Project

We help marginalised people speak up, understand their rights and make meaningful choices.

Everyone has the right to influence decisions affecting their lives. We offer advocacy and user involvement services to support people to stand up for their rights and have a say on the issues that matter to them.

Advocacy supports people to express their point of view and have it taken seriously.

User involvement enables people to improve health and social care services, and influence policy.

Voice

We support people to speak up to improve their lives and those of the wider community.

Rights

We help people understand their legal rights and make sure these are respected.

Choice

We give people a clear picture of their options so they can make informed decisions.
